PROFILE

I am a front-end developer with 2 years of experience building fast, user-friendly, and responsive web applications. I have strong skills in React.js, JavaScript, HTML, and CSS, and I have experience using tools like Redux, Tailwind CSS, and SCSS to create clean and reusable code. I am also familiar with other frameworks like Bootstrap, Material-UI, and Shopify. I specialize in making websites that look great on all devices and work smoothly. I enjoy learning new tools and solving problems to deliver high-quality results.
