PROFILE

Frontend Developer with experience building responsive web applications using React.js, Next.js, and TypeScript. Proficient in HTML, CSS, and JavaScript with a focus on clean UI, fast performance, and cross-device design. Skilled in Shopify theme development, API integration, and tools like Tailwind CSS, Material UI, Git, and Vercel. Delivered production-grade code with high attention to detail.

Resolved 50+ frontend and integration bugs to improve store speed and reliability.

JOB EXPERIENCE

NODE AGENCY, *Shopify, React JS, Javascript Developer*   05/2024 – Present
                                                                                                                       Islamabad, Pakistan
- Built advanced websites using React.js, JavaScript, and Tailwind CSS
- Used custom hooks, context API, and dynamic routing for scalable architecture
- Built high-performance Shopify stores using React JS and Shopify's framework
- Converted Figma designs into advanced, production-ready Shopify stores with custom functionality
- Created custom React hooks for Shopify Cart API integration

UPTEK, *Frontend Developer, Shopify, React JS*   10/2022 – 01/2024
                                                                                                                       Islamabad, Pakistan
- Created advanced React.js projects with smooth Figma-to-React conversions and UI animations
- Built top-quality React.js interfaces with smooth animations and clean, scalable code
- Built custom Shopify themes from scratch using Liquid, JavaScript and Tailwind CSS
- Made stores load faster (under 2 seconds) and work perfectly on all devices
- Added payment systems like Stripe and PayPal using Shopify APIs
- Turned Figma designs into real Shopify stores with pixel-perfect accuracy
